“A gossip” is someone who likes to talk about other people.

“Vain” means caring too much about how you look.

Uh-oh! What happened to the milk and cookies?

How do you think Hen feels when she has to do all this work?

Grains are like seeds. What happens when you plant seeds?

Hen is so excited! Do the others look excited?

What do you think the hen will do next?

Have you ever had to do a lot of work all by yourself?

What clues show us the dog is sleepy? The cat is vain? The goose is a gossip?

“Ground” or “grind” means to smash up into pieces. The miller turned the grain into flour!

They still won't help! What do you think Hen will do?

Have you ever made something in the kitchen?

How do we know that the bread smells good?

They didn't say “Not I.” Why do you think they said something different?

Why do you think Hen decided not to share her bread?

Do you think the others will help the hen next time? Why?
